

Theriogenology Telehealth Appointments

Thank you for scheduling your Telehealth appointment with the Theriogenology appointment. Below is a brief information and history form that will help streamline your appointment. Please fill it out to the best of your ability. Additionally we will be requesting rDVM medical histories as a part of this appointment. Please be sure to give permission to release the records to our hospital.

Our fee for these appointments is \$75/30minutes. Payment will be required prior to your scheduled appointment.

A written report will be provided after your appointment to you as the client as well as your rDVM for their records. Since this is a telehealth appointment, we will not be able to provide any specific recommendations, only suggestions and general advice. We cannot prescribe any medications without an established client-patient relationship through a regularly scheduled examination.
